If traveling by vehicle, assure you are familiar with any states you'll be driving through for firearm storage/transport, etc. Best to keep everything locked.

If flying, get with airlines and know what they want. TSA, US CUSTOMS, and all carriers will tend to give you different advice. Call us and we'll help you figure it out. Every destination and adventure is a little different.

Happy Hunting!

\*Print this list and scribble on your personal specific items. Look at this list AFTER the hunt and see what needs to be added/deleted for your next adventure. Keep your gear turned up and it will keep you successful.
